### Terms & Conditions

All terms of your loan agreement will remain in effect. Interest will continue to accrue on your loan at the rates and terms disclosed in your loan agreement. The \$10.00 skip-a-payment fee is a processing fee. Skipping a payment will extend the term or maturity date of your loan. If applicable, credit life and/or disability insurance premiums will continue to be added to your loan balance. Deferral of payment will reduce the portion of future payments applied to the principal resulting in a larger final payment, or negative amortization. Certain restrictions apply and not all loans are eligible for this program. Each skip-a-payment request goes through an approval process. I agree and understand the above information.
